

**AY ENTERPRISES**

# **SURGIWORLD**

**MANUFACTURING AND TRADING & IMPORTER/EXPORTER OF  
ALL TYPES OF HEALTH CARE SURGICAL & MEDICAL DEVICES  
DISPOSABLES PRODUCTS**

## About Us

Our dedication to combining technology and healthcare is admirable. AY Enterprises was established in 2020. It's great to learn about us and our mission to provide high-quality healthcare products at affordable prices.

## Mission

Our emphasis on manufacturing surgical disposable products indicates our commitment to addressing crucial needs in the medical field. Such products are essential for maintaining hygiene, preventing infections, and ensuring safe medical procedures.

Our Six Sigma training highlights our dedication to process improvement and maintaining consistent product quality. This is crucial in the healthcare industry, where precision and reliability are of utmost importance. Having a committed, well-trained, and technically competent workforce is a significant advantage. The combination of knowledge, skills, and ongoing training ensures that our team can stay up-to-date with the latest industry trends and advancements.

The experience and qualifications of our core team, along with their motivation, provide a strong foundation for our firm's success. The guidance and support for employees across different facilities will help maintain cohesion and a unified approach to achieving our goals.

Overall, AY Enterprises seems to be well-positioned to make a positive impact in the healthcare industry through the integration of technology, a skilled workforce, and a focus on quality.

## PRODUCT DESCRIPTION

### SURGICAL GOWN

Coverall Suit(Non Woven PP, Soft Air, Permeable Fabric Front Zipper)

Elasticated Cuffs With Attachment Shoe Cover and Hood Cap) (dangree)

Lab coat–Non Woven PP,Soft Air,Permeable Fabric 42 Gsm Size:152 x 90 Cm  
Front open with Welcro

#### Pattern Available

- Surgical Gown
- Surgical Reinforced Gown
- PE coated Gown (Laminated Gown)
- Isolation Gown

#### Material Available

- Surgical Gown
- Spun Lace Material
- Spun bound + PE File
- SMS (Spun Meltbound Spun)

### PAD, TOWELS & ACCESSORIES

- Maternity Pad with Dripping Sheet – LD 40 Mic = 160 Gsm  
(Kelly's Pad With collection Pouch & Binding Belt)
- Maternity Pad Size 60 x 90 Cm .

## PRODUCT DESCRIPTION

# BANDAGES

### IV CANNULA FIXER

- Simple to use, painless removal.
- No irritation and no traces on the skin.
- Allows air and humidity to pass freely.
- Non-allergic adhesive with paper liner for easy removal.
- Fixes the cannula in the region of insertion till the procedure is completed.
- Size: Medium & Large.

### ELASTIC ADHESIVE BANDAGE

- Better elasticity Best Quality concentrated adhesive, sticks properly and gives long lasting adhesive action
- Does not hamper muscular & joint flexibility and ensure smooth pressure
- Normal skin breathing and comfortable body movements High porosity-permits air circulation
- Easy to unroll & use due to best quality release film
- Easy to remove, because of thin non-adhesive edges
- No harm to the skin after removal
- Very useful as a light compression bandage for muscular support
- Used for dislocations, ulcers, varicose veins, skin grafting
- For general surgical, orthopedic and sports injuries
- Use as a pressure dressing

### COTTON ADHESIVE BANDAGE

- Good aesthetic appeal due to woven fast edges.
- More porosity makes air and vapour permeable, and allows breathing of skin.
- Very good quality concentrated adhesive, sticks properly and gives long-lasting adhesive action.
- Adhesive protected by special release film to enhance smooth unrolling, easy application, and long storage life.
- Easy to remove, because of thin-non-adhesive edges and leaves no residue after removing
- An ideal bandage where support, immobilization & pressure is required.

### PLASTER OF PARIS BANDAGE

- Lightweight, durable, higher cast strength.
- P.O.P Bandage made from lightweight fine POP powder & Leno / gauze, fabric lightweight, easy to use with high compression & tensile strength.
- Quick saturation, Rapid setting time, Minimum loss of free powder. P.O.P Bandage has excellent water absorbency capacity, shorter immersion, rapid setting time, minimal wet & dry powder loss, reduces repeat use of bandages and is very economical.
- Smooth finish, strong, durable
- P.O.P Bandages smooth, creamy finish & cosmetic look bandage.
- Easy and excellent mouldability & consistent layer to merging.
- Higher concentration & retention of pop powder ensuring durable cast strength

### ORTHOPEDIC BANDAGE (Cast Padding)

- Cast Paddings give excellent skin tolerance
- Perfectly conforms to your body contours, allowing easy body movements
- It acts as a cushion between the skin and the plaster
- Prevents skin maceration
- There are fewer chances of pressure sores occurring in your body
- The padding allows normal breathing of the skin

### GAMJI ROLL

- High absorbent
- Various sizes
- Soft texture
- Cotton fabric
- Hygienically processed
- Low marked price

## PRODUCT DESCRIPTION

### BANDAGES

#### BANDAGE CLOTH

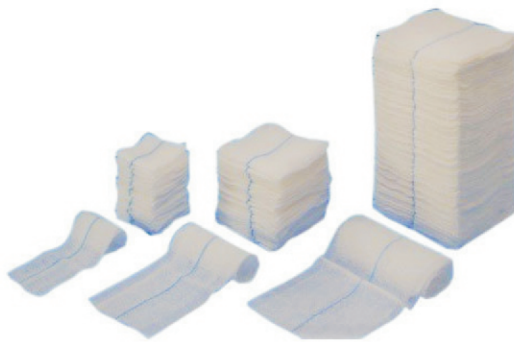

- Weave Type: Plain Woven
- Application: Fiberglass Mesh Cloth
- Weight: 70~300 g
- 8 mt. x 50 cm
- 18 mt. x 100 cm
- 16 mt. x 50 cm
- 16 mt. x 100 cm
- 20 mt. x 60 cm
- 18 mt. x 90 cm

#### GAUZE CLOTH

- Hydrogen peroxide bleached
- No lint,
- Excellent absorbency
- Perfect finish
- Available In Vast Range
- Cost Effective Price
- Skin Caring

#### GAUZE SWAB

- Soft texture, Bleached to good white, free from optical whiteness.
- Excellent absorbency & high volume retention
- Clean, odourless, free from fabric defects & other foreign impurities.
- Gauze swab available as Sterile & Non – Sterile Pack Application:
- Ideal use for wound cleaning, Protect wound & other general wound care

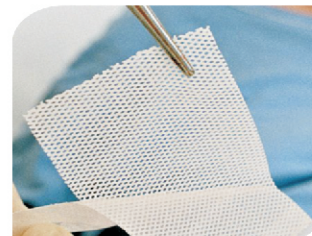

#### EYE PAD

- It contains highly absorbent cotton in highly absorbent gauze and wonder filter wrap
- Perfect eye shaped-perfectly fits
- Extra soft and fully hygienic
- Perfect eye shaped -perfectly fits.
- Extra soft and fully hygienic
- Highly absorbent
- Completely sterilised-by Gamma Radiation.
- Long lasting sterility till package damaged or opened-with broad sealing area.

#### COMBINE DRESSING - STERILE

- Dressing is wound friendly & Low adherent .
- Superior absorbency than gauze dressing .
- Protect wound ,reduce risk of infection , hypoallergenic, permeable to air.
- Provide wound to remain in dry condition.
- Single used and Gamma/ GTO sterilized dressing.

#### PARAFFIN GAUZE DRESSING

- Paraffin acts as a soothing agent.
- The antibiotic/antiseptic in it helps in the healing process
- Interlocking gauze yarn threads, minimize when dressing is cut to shape
- Does not stick to the wound and does not disturb the dressing process
- Due to special type of butter paper loss of medicine after removal of butter paper is minimum
- Sterilized by GAMMA radiation
- Allows easy application and removal of dressing
- Suitable for use with any anti-septic topical creams
- Available in different sizes and packs
